

Tifway 419

Combining toughness with beauty, Tifway 419 has been a popular sports turf and golf course grass for over 40 years.

Its dense, rapidly spreading growth habit means quick recovery from injury, making it one of the most durable hybrid bermudas. Tifway 419 also offers a darker color than previous varieties of Tifway, has a finer texture than Tifway II and soft blades for excellent cushion. Tifway 419 tolerates close mowing and is highly disease resistant. For use on golf fairways, roughs, surrounds, sports fields, and landscape applications.

Features and Benefits

Color

- Beautiful dark green

Texture

- Medium-fine, slightly finer than Tifway II yet not as fine as Tifgreen 328

Performance

- One of the most durable hybrid bermudas
- Recovers quickly from injury with vigorous, dense growth habit
- Tolerant of heat, heavy foot traffic, and drought
- Fine texture and soft blades provide a soft cushion
- Tolerates close mowing and a wide range of mowing heights
- Highly resistant to disease
- Tolerates some frost and has an early spring green up

Climate

- Thrives in warm to hot climates
- USDA zones 7 to 11

Shade Tolerance

- Not shade tolerant
- Requires full sun all day

Maintenance

- Moderate level of maintenance required
- Fall overseeding may be desired for winter color in colder climates

Mowing

- 3/8" to 1 1/2"

Tifway 419 at a glance

- Excellent durability and wear tolerance
- Recovers quickly from injury
- Highly disease resistant
- Tolerates low mowing
- Dark-green color
- Medium-fine texture
- Drought tolerant

Life is short. Sod it!

How to Specify Tifway 419

Available as sod and stolons. Sod options are regular or big roll.

Options

- Regular sod comes in 16" x 72" 8 sq. ft. and 2' x 5' 10 sq. ft. rolls
- Big roll sod is 42" and various lengths allowing for large areas to be sodded quickly and efficiently. Great for parks, cemeteries, and large commercial lawns
