

'Old-Line' Tifdwarf Bermuda

With its fine texture and tolerance of close mowing, West Coast Turf's 'Old-Line' Tifdwarf has been the most popular greens-quality hybrid bermuda for the last 40 years. 'Old-Line' Tifdwarf offers fast putting speeds and true ball roll for high performance, comparable to many bentgrass greens. It is more compact and finer bladed than Tifgreen, needs less maintenance than TifEagle, takes overseeding well and recovers quickly from injury. For use on golf course greens, grass tennis courts and lawn bowling greens.

For golf course greens.

'Old-Line' Tifdwarf creates beautiful and high-performing greens at Tom Fazio's The Quarry at La Quinta, La Quinta, CA, one of the nation's elite courses.

'Old-Line' Tifdwarf Bermuda at a Glance:

- High performance on golf greens.
- Tolerates close mowing.
- Overseeds well.
- Regains color in early spring.
- Beautiful green color.
- Fine, smooth texture.

Features and Benefits

Color

- Beautiful dark green, darker than Tifgreen.

Texture

- Fine and smooth, finer than Tifgreen.

Performance

- Bentgrass-greens performance but with greater disease resistance.
- Provides fast putting speeds and true ball roll.
- Tolerant of heat, poor water quality, foot traffic and drought.
- Excellent root system, compact form and vigorous growth habit promote quick recovery from injury.
- Maintains very good color at low mowing heights.
- Regains superior color in early spring.
- Overseeds well.

Climate

- Thrives in warm to hot climates, USDA zones 7 to 11.

Shade Tolerance

- Not shade tolerant, requires full sun all day.

Maintenance

- High level of maintenance required.
- Fall overseeding may be required in cold winter climates.

Mowing

- 1/8" to 1/4".

Life is Short. Sod It!

Turfgrass Warranty

The grass is guaranteed to be in vigorous condition, weed- and disease-free upon delivery to the site. No other warranty is offered or implied.

Options

Regular sod comes in 16" x 72" rolls with 1/2" of soil. Each weighs approximately 45 pounds. Great for normal conditions.

Big-roll sod is 42" x 30", allowing large areas to be sodded quickly and efficiently. Great for golf course greens and tennis, croquet and bowling lawns.

Washed sod has had soil removed from the roots to help eliminate sod-to-soil incompatibilities and to help the sod knit to the soil faster. Reduces shipping weight.

Overseeded sod is perfect for fall-season installation. No need to overseed!

Stolons are broadcast like seed on a prepared bed. Installation is easy and inexpensive.

Sand-grown sod meets the stringent requirements established by the USGA.
