

# West Coast BENTGRASS

## For golf course greens and lawn tennis courts

West Coast Turf's family of bentgrasses remains unsurpassed for ball roll and fast speeds on golf courses. Latest varieties combine classic dark-green color and fine texture with improved cold and heat tolerance, heavy traffic resistance, and close mowing. With a catalog including Pure Distinction and Dominator, West Coast Turf can also provide contract grows tailored to your specific variety and needs. Bentgrass can also be used on lawn tennis courts, croquet pitches, and lawn bowling greens. Available grown on USGA spec sand.

## Features and Benefits

### Color

- Beautiful dark to very dark green

### Texture

- Fine to very fine

### Performance

- Dominator Bentgrass Blend
  - Superior putting surface
  - High *Poa annua* resistance
  - Great summer performance
  - Reduced pesticides
  - Cool season active growth
  - Low light performance
    - > Blend of two top performing creeping bentgrass varieties, 007 and Tye, selected for superior green and tee quality. Whether establishing a new green or repairing damage, Dominator is a great choice to use for high quality greens and tees.
    - > Pointed leaf tip, flat and smooth in appearance. Lighter to very dark green color, vertical growth habit, dense growth habit, tolerant to very low mowing.
    - > Quick germination, aggressive to medium-aggressive growth habit without tendency to thatch. Good spring green-up, color retention and wear tolerance.

- Pure Distinction Creeping Bentgrass
  - Quick recovery
  - Resistance to heat and cold
  - Wear tolerance
  - Bold, distinctive color
  - Resistance to bacterial wilt, brown patch, and more
  - High tolerance to *Poa annua* herbicides
    - > Uniquely bright colored and takes the superb attributes of previous bents—dense, upright, aggressive growth, less thatch and easy maintenance—to the next level. It's the ultimate bentgrass for smooth and true putting greens. It also has exceptionally strong resistance to diseases, and outstanding resistance to heat, cold, and wear.

### Climate

- Thrives in cool to warm climates USDA zones 3 to 7

### Shade Tolerance

- Moderately shade tolerant, requires full sun most of the day

### Maintenance

- High level of maintenance required
- No overseeding necessary

### Mowing

- 1/8" to 1/4"

*Life is short. Sod it!*

## How to Specify West Coast Bentgrass

Available as sod. Sod options are regular or big roll.

### Options

- Regular sod comes in 16" x 72" 8 sq. ft. and 2' x 5' 10 sq. ft. rolls
- Big roll sod is 42" and various lengths allowing for large areas to be sodded quickly and efficiently. Great for entire greens
