

STADIUM
ZOYSIA

Stadium Zoysia™: The Ultimate Turf for Sports Fields and Golf Courses

Stadium Zoysiagrass is a premium choice for golf courses and sports fields, thanks to its rapid spread, density, and durability. With its superior wear tolerance and stunning dark green color—the darkest in our collection—Stadium Zoysia stands out as a luxurious and resilient turfgrass.

According to research from the University of Tennessee, Stadium Zoysia delivers exceptional quality and wear tolerance, making it a top choice for premium sports fields.

Features and Benefits

Color

- Dark green

Texture

- Fine-Medium leaf texture

Performance

- Exceptional shade & drought tolerance
- Very good salt tolerance
- Extensive stolon, rhizome, & root system
- Short stolon & internode length
- Rapid rate of spread
- Turf density ideal for high impact sports turf & golf course divot recovery
- In simulated football wear tolerance trials at the University of Tennessee Stadium had wear tolerance equal to Tifway 419

Maintenance

- Suggested mowing height 0.25-1.0"

- Pre-emergence herbicides & all other post-emergence herbicides utilized on other zoysiagrass cultivars can be safely applied to Stadium
- Requires less than 2 lbs. Nitrogen per year, in split applications, once established

Certified Purity and Uniformity

- Stadium is available only through a select group of licensed certified producers
- Stadium is grown & sold under a rigorous set of rules & guidelines designed to promote on-going quality, purity, and uniformity
- Certification is the only method of assuring the consumer is receiving the variety they purchased

WEST COAST
TURF

Life is short. Sod it!

How to Specify Stadium Zoysia

Available as sod and stolons. Sod options are regular or big roll.

Options

- Regular sod comes in 16" x 72" 8 sq. ft. and 2' x 5' 10 sq. ft. rolls
- Big roll sod is 42" wide and various lengths allowing for large areas to be sodded quickly and efficiently. Great for golf courses and athletic stadiums.
